

Steve Hofmann
Event date: June 23, 2007
Valets: Jim Pipper and Chris Siefert

You all run a very effective operation at American Valet. Your response to my original inquiry was quick and to the point. Your explanation of my options was easy to understand. You confirmed with me prior to the event. The parking valet staff that showed up was on time and very well mannered. The bonus was that I even got a follow up communication AFTER the event to make sure that it all went well. It is uncommon to do business with a vendor that handles every aspect of service with such perfection, but you pulled it off flawlessly. I would make sure to have American Valet serve my private party again in the future. You all are the best. Thank you!
