Meagan, *La Posada Resort. Thursday Feb. 24, 2005*

Just wanted to send a quick e-mail to say thank you for the service provided on Thursday at our event. I also wanted to say thank you to Lance, who was very attentive and still followed up on Friday with the event. He was a great help to have, and I actually wanted to apologize for not saying a thank you to him. It was my first event that I had planned and was running in every direction that night.

If you have questions about payments please let me know so I can contact the correct people.

Thank you,
